Principal's Message

Mr. Piecara

The foundation for life long learning is in place, mix in hard work, commitment and dedication and you will reach the summit of every mountain you choose to climb.

To The Class of 2001,

Graduation can be compared to the challenge of climbing a mountain; you have reached a safe place to build base camp, however, graduation is only one leg of the journey. Robert Maynard Hutchins states that "The object of education is to prepare the young to educate themselves throughout their lives." We at Marple Newtown believe that you are well prepared to continue your education, your base camp has been carefully and thoughtfully constructed. You are now ready to start your ascent to the summit.

As you begin the next leg of your journey, remember the words of Henry Ford; "Anyone who stops learning is old, whether at twenty or eighty. Anyone who keeps learning stays young. The greatest thing in life is to keep your mind young." You have mastered the essential skills to keep your mind young. The foundation for life long learning is in place, mix in hard work, commitment and dedication and you will reach the summit of every mountain you choose to climb.

Accept the challenges of the future with a positive attitude and to dedicate yourselves to reaching your personal goals. Success is not measured by material standards. Successful people find contentment by pursuing their dreams and living the life they imagined. I encourage each member of the Class of 2001 to pursue your dreams, wherever they may take you, whatever the challenge. Commit your life to the pursuit of excellence. The contentment you find in reaching your goals will lead to lasting success.

I wish you continued success, good health and the best that life has to offer.

The Way We Were

A collage of black and white photographs capturing various moments from a school's history. The images show children in costumes, participating in activities, and posing for group photos. Notable photos include a large group of children in a classroom, a child in a ghost costume, and a group of children in firefighter uniforms. The collage is arranged in a non-linear fashion, with photos of different sizes overlapping each other. The title "The Way We Were" is prominently displayed at the top left in a large, serif font.

SR. CLASS OFFICERS

There were times when we thought there were not enough hours in the day, but we also knew that Mondays could last forever. Now I realize that my high school days flashed before my eyes. As the road winds down, I feel excitement and sadness. On one hand, we will leave a place that has shaped who we are. On the other hand, we will approach a new future that will determine the rest of our lives. I hope that each one of you will recognize your individual potential and reach for your dreams. Every person has something inside of them that can make them successful. Good luck in finding that something. Thank you for allowing me to serve as your proud president.

NICOLE BREWER

PRESIDENT

VICE PRESIDENTS

Dear Class of 2001:

As we now begin to look at our future, we all are leaving behind our memorable high school days and looking beyond Marple Newtown High School. Our future awaits us and high school is soon to be a thing in the past. Good luck to all seniors in everything you do! Bring your dreams to reality. Thank you for leading our school and setting the example for all underclassmen. Our class will undeniably be remembered for that. Nicole, Christine, John, and Dan: Thanks for the fun memories! You guys were the best people to work with! Good luck to all underclassmen in your years ahead. And seniors: "Reach for the stars, they're waiting for you."

LINDSEY ALF

Perhaps I am biased, but I still believe the class of 2001 to be the finest of the many senior classes I've seen graduate in the past. From all American athletes to state renowned scholars to accomplished student leaders to talented musicians to just plain good hearted kids we have been the best I could possibly dream of. Everything that we have done, we have done with energy and enthusiasm. Though we have suffered set backs, we have always bounced back with our character and integrity still in tact. As a hard working and dedicated class our impact will forever be recognized. As we now move on to adulthood, I hope that all of you will remember the times we had together and cherish them forever. I know we are a class of winners and will continue to succeed far past graduation day.

CHRISTINE NIGRO

SECRETARY

Hello Senior Class,

Thank you for allowing me to be your class secretary this past year, it's been fantabulous. This year has been fun working with the other officers. John you've been a great treasurer, keep working on that Italian muscle, don't give up John. I'd just like to let everyone know that John can count bigger bills than any other treasurer I know. Christine and Lindsay, you guys have done super great job vice presidenting. Lindsay, you've also done a great job as senior class heartbreaker. Christine, that was an enjoyable meeting this summer, we got much accomplished. Nicole, you've also done a super fantabulous job. I've enjoyed working with you this past year, and good luck next year. PEACE I'M OUTTA HERE!

-Dan, your super secretary.

DAN MCCOY

I can't believe I'm actually writing my senior class officer tintage. Where has all the time gone? It seems just like yesterday I was walking into this big high school as a puny little freshman. Now I am a big (5'6II) senior. High school has definitely been a time that I will never forget. Even though I don't always show it, each member of the class is very special. I expect to see that you all have succeeded in our reunion in 10 years This year, I've worked with 4 of the coolest dudes in the world. Nicole, Linds, Chris and Dan . . . You guys are awesome and I couldn't have done a thing without you. Each of you will always have a spot in my heart and be a life long friend to me. Well 2001, this is Beans saying c-ya later!

"Who knows if the moon's a balloon, Coming out of a keen city, Filled with pretty people? And if you and I should get into it, If they should take me and take you in their balloon, Why then we'd go up higher, with all the pretty people, than houses and steeples, and clouds: Go sailing away and away: Sailing into a keen city which nobody's ever visited, Where it's always Spring, and everyone's in love, and flowers pick themselves." - e.e. cummings

We've all carved our routines and solidified our friendships and perfected the art of making our own fun in a town with nothing to do. But we've outgrown this building. So we begin to think past the weekends plans and to the future and what's in store for us. We realize its time to move on to a different stage . . . to enter bravely into a life of unfamiliarity. The world is ours now, to conquer. So we must look around and savor the moment because the future has arrived.

PRESCHOOLERS IN HIGH SCHOOL??

If the big kids can have a bonfire, so can we!

The preschool at Marple Newtown High School was established in 1965 under the direction of Mrs. Barbara Shaw. The center provides the high school student with practical experiences in the care and guidance of young children. Currently offered under the direction of Mrs. Mollie Fahnestock (1999-2000 Woman of the Year), this program allows students to become integral part in the organization and instruction of a preschool class.

Mrs. Fahnestock makes a silly face when she sees our homemade pies.

Harley Davidson - Here we come!!

Toy Trucks? No thank you! Let's vacuum.

Mama Mia! We're making pizza! mmmmmmmmm!!

Mrs. Fahnestock is so hard working. She runs everything for our preschool. Thank you Mrs. Fahnestock!

Aren't we scary in our Halloween costumes? We went trick-or-treating all around the school.

From The Editors . . .

I never thought it would end but here it is, eight months of work in one book. I learned a lot and it was a great experience. I couldn't have done it without everyone's help. Christine-we definitely had our moments, but we pulled through and I think it turned out well. This book showed us how quick people are to criticize when they have no idea what we actually put into it. Now that this is done, it's time to start our next one, so everyone will be happy!!! Dee and Andrew- you probably had one of the hardest jobs but you still did a great job. You two are fast learners! Kelly and Dalie- Thanks for working hard and doing such a good job. Jamie, Sarah, and Steph- Thanks for everything. You were all a BIG help. Peggy and Katie- I knew I could always count on you for lost minute typing and layouts, you were a huge help. Kathleen- I know it wasn't exactly what you expected, but you loved it!! I probably wouldn't have made it through the year without you. I could always count on you. You're a great friend. Jenn, Aimee, and Russ- The three of you are great. You were always there when we needed you. Good luck next year. Thanks to everyone that helped with typing, stuffing envelopes, making phone calls, and just keeping me company while I was working. Nan, Adrienne, Kathleen, Bryon, Steph, Ashlee, and everyone who let me vent, THANKS, I really appreciate it. Thanks to Bob Johnston and Morina Studios, Bill O'Brien, Mr. Kelly and Ms. Johnson for everything. Mr. Williams- Thank you for all your help, the passes, and the key. Mom and Dad- Three editors and now you will never have to look at another layout again! Thank you for all your love and support. I know you are just as happy as I am that I'm done! I love you!!! Mis Hermanas- Rachel and Jessica- You two are the best sisters anyone could ever have. I love you!! Good luck to everyone next year!!

Whitney Rubel

When an editor-in-chief begins the production of the yearbook, they spend hours looking through old books from the past marking the page layouts they liked and citing creative ideas that they wanted to use. When Whitney and I first started doing that, we realized that our main goal through all of our work as editors was to do something different and to not become victims of regularity. Just because they did it years before, didn't mean we had to put it in our book. Now as I look back on months of layouts, picture togs, and deadlines I know that Whitney and I accomplished our goal. Perhaps the pages look similar to last year's yearbook or ones from before, but how those pages appeared was the true test of our desires. This year's Memories was made by more than just Whitney and I. It was the product of a collaboration of so many people. Before I even saw the book, I was proud of it, because so many people contributed their time, energy and passion to it. Because of this, I realize that this book is a success in that it was a true reflection of what happened during the school year of 2000-2001. Like this book, the class of 2001 will always be unique and their success will be due to the gleaming of all their special talents and dedication. Working together has always been the strength of this year's graduating class. By each and every one of us working our hardest to give to the common goal, we are winners, regardless of what the product looks like. The journey from last spring to holding this yearbook in my hands was truly the prize and I will forever be grateful. Before I say good bye and pass this on to the next talented editors, I'd like to say thank you to a few people. Mr. Williams-thanks for all of the advice. Bob Johnston-thanks for making our book beautiful. Bill O'Brien- thank you for reaching us. To all the tireless workers that made this possible- you helped us reach my goal and without you it would have been just another MN yearbook. Whitney- we made it through with a yearbook and friendship. I couldn't ask for more! Thanks again and good luck next year!

Christine Nigro

It's A Wonderful Life

SINCE CLASS Variety Show

The Senior Class Variety Show of 1991 was a huge success. Much of its success was due to the dedication of the nine masters of ceremony that were chosen early in the year. They are pictured down the sides of this page. They were standing front the top left and moving down. And, w. Burgwald, J. H. John Rubing, and Robert Zeller. (top right and moving downward) Nicole Brewer, Jaclyn Lavigne, Lindsey Gilemi, Kristin Howarth, and Hannah Linder. All of them were simply LARGER THAN LIFE!
